Subject: EPA direction on draft FS for Portland Harbor

Bob and Jim,

Attached is EPA's direction regarding preparation and submittal of the draft Portland Harbor FS, and some initial feedback on the December 14 check-in meeting. As noted in the letter, we expect to provide additional comments on the four specific topics that were presented at the meeting by mid-January.

We are looking forward to moving ahead with the draft FS report. Please let us know if you have any questions regarding the direction provided with this letter.

thanks  
Chip
